SUMMARY

Software Engineer and Backend Web Developer with strong experience in Node.js, Express, and SQL. Actively working on designing and developing scalable web applications, RESTful APIs, and backend systems at Quick Up. Experienced in building robust server-side logic, managing databases, and delivering real-world web solutions with practical use cases.

WORK EXPERIENCE

Quick Up – Backend Web Developer (AI/ML Focus) | 2025 – Present

- Developed and maintained backend services using Node.js, Nest.js and SQL
- Worked on Artificial Intelligence and Machine Learning concepts applied to real-world systems
- Designed and explained AI/ML solutions including supervised learning, NLP-based chatbots, and intelligent applications
- Contributed to AI-driven projects, focusing on system logic, data flow, and practical implementation

PROJECTS

AI Chatbot (NLP, Node.js, RAG)

- Built a trainable AI chatbot leveraging AI/ML principles and NLP-based processing
- Implemented text preprocessing, intent recognition, and response logic
- Designed for real-world applications with extensible data sources

ShiftSmart – Customer Support Platform (HTML, CSS, JavaScript, Node.js, SQL)

- Built backend and frontend features for a customer support system
- Assisted global clients via chat and call handling
- Improved customer satisfaction through efficient problem solving

EDUCATION

Bachelor of Science in Software Engineering (Aug 2022 – Expected Aug 2026)

Balochistan University of Information Technology, Engineering and Management Sciences (BUIITEMS)

SKILLS

- Node.js, NestJS
- SQL / MySQL (Database Design & Queries)
- RESTful APIs & Backend Architectur
- Artificial Intelligence & Machine Learning

INTERESTS & ACTIVITIES

- Exploring AI & Machine Learning applications
- Reading software engineering and tech books
- Boxing, fitness, and discipline training
